

Support for All

Support for Learners

Dumfries and Galloway Council is committed to the well-being and educational development of all learners. The process of inclusion requires all involved in the business of learning and teaching to demonstrate commitment, innovation and flexibility to ensure that all children and young people have access to quality learning opportunities and experiences.

More information is available at <https://www.dumgal.gov.uk/article/16163/Support-for-Learners> and in our Authority Handbook

Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at www.dumgal.gov.uk/girfec

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well. Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at <http://www.dumgal.gov.uk/article/15241/School-places> Information regarding catchment areas can be found on the Council's website by accessing "Find My Nearest".

School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at www.dumgal.gov.uk/schools

The school priorities for session 23-24 are to raise attainment in literacy and numeracy through Visible Learning, to embed the use of personal learning plans and for the children to be more confident in identifying their next steps in learning. To build on quality feedback in class through our learning dispositions. To embed the use of writing rubrics and developing number knowledge skills. For staff to be trained in teaching writing through training with Stephen Graham.

To review our UNCRC policy and work on Silver Action Plan and update programmes for use in school. To embed the use of play methodology and to make the most of all outdoor learning opportunities. To upskill pupils in staff as part of our Digital Schools Award.

To support HWB and mental health through programmes in class and work with the voluntary sector and Relax Kids, Wigtownshire. Linked with our Rights Respecting School journey.

To work with our cluster QAMSO and moderate reading and maths across the cluster and review the impact of the cluster RSHP and Respect Me training.

To train staff in interventions to support learners needs through Closing the Literacy Gap, Literacy Ladders, Fastlane & Closing the Numeracy Gap.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If your child feels ill during the school day and we feel that he/she would be better at home, we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. Please remember that if your child stays in more than one home setting contact details should take account of this.

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

www.dumgal.gov.uk

Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

<http://www.dumgal.gov.uk/article/15240/Emergency-school-closures>

Data Protection

Information on how the Council uses personal data is available at <https://www.dumgal.gov.uk/article/15129/Data-protection> and <https://www.dumgal.gov.uk/privacy>

ICT in Schools

For more information on ICT in school please see page 19 of the [Education Authority Handbook](#)

Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.

For more information visit (AH link) and link to the Safe Digital Learning and Social Media Parental Leaflet [Safe Digital Learning and Social Media](#)
