## How the School Works

### Class Organisation

For organisational purposes, schools are structured into classes. Each year it is the responsibility of the Headteacher to organise the class structure.

For more information, on School class sizes and grouping please visit [www.dumgal.gov.uk/article/16646/School-class-sizes-and-groupings](http://www.dumgal.gov.uk/article/16646/School-class-sizes-and-groupings)

Kirkinner Primary currently has two classes, Primary1-3 (Mrs McShane Principal Teacher) and Primary 4-7 (Miss White). We also create many opportunities to mix stages to learn from each and together.

For more information please see the [Education Authority Handbook](#)

### Positive Behaviour and Celebrating Success

The ethos within the school is all important in creating a happy, and caring environment. We aim to help children develop positive relationships and responsible attitudes throughout their time at Kirkinner Primary.

We have three school rules, to be...

**Ready** – prepared and ready to learn

**Respectful** – show respect towards each other and all members of our school community

**Safe** - make sure we keep ourselves and others safe through responsible behaviour.

We always promote positive behaviour using a restorative approach. All staff model and inspire pupils to maintain a high standard of behaviour; to be polite, kind, and safe. This is equally important in all areas of the school environment. We hope parents take an active role in ensuring their children are well behaved

and will support positive behaviour conversations with their children at home and in school.

We celebrate success in a variety of ways. We have a Wider Achievement Wall which celebrates activities outside of school. Our Community Wall focuses on skills development and learning in the local community. Our weekly assemblies proudly celebrate success in pupil's learning through Learner Capability certificates, Connect 4 Reading awards and House Points.

Our Celebration and Achievement Ceremonies in June formally recognise achievement throughout the year and across the curriculum. All the above achievements and celebrations are recorded in individual pupil overviews.

For more information please see page 13 of the [Education Authority Handbook](#)

Watches and stud earrings are allowed. For special occasions we like children to wear a shirt and school tie. ## Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

### Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

Scotland's Curriculum includes the following subjects:

- Languages and Literacy: Listening & Talking, Reading and Writing
- Modern Languages: French P1-7 and Spanish P5-7
- Mathematics and Numeracy
- Health and Well Being (including PE)
- Technologies
- Social Studies (people in the past, people and place, people in society)
- Sciences
- Expressive Arts (Art and Design, Drama, Music, Dance)
- Religious and Moral Education

There are three main levels of learning as children move through school from Primary 1 to Primary 7.

**Early Level** – achieved by most children by the end of Primary 1

**First Level** - achieved by most children by the end of Primary 4

**Second Level** - achieved by most children by the end of Primary 7

Our main priorities are Literacy, Numeracy and Health & Well-being and that all children have equal opportunities to achieve during their education. To have the greatest impact across all learning, literacy and numeracy are taught daily; both as standalone lessons and within other curricular areas, where children can apply their skills. At Kirkiner Primary we follow a three year cycle for all subjects to ensure breadth and depth of knowledge, which can then be applied through Interdisciplinary learning. Regular opportunities for outdoor learning, sustainable learning in the local area and specialist partners also enhances the learning we provide.

## Parental Involvement and Engagement

### Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

### How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

## Helping Your Child and Family Learning

Pupils should be encouraged to approach homework with a positive attitude to learning and achievement. Although pupils do not often like doing homework it is generally agreed by parents and teachers that it is an essential part of the curriculum. We consider the setting of homework important for the following reasons:

- To encourage pupils to develop the practice of independent study.
- To develop perseverance and self-discipline.
- To allow practice, where it is needed, of skills learned in the classroom.
- To open areas of study, use of materials and sources of information that are not accessible in the classroom.
- To involve parents and other adults in pupils' work.

The class teacher ensures that all pupils have a weekly homework plan which will be used to record homework as it is given out. Children should be aware of what they are expected to achieve and understand the purpose of the homework task. They are responsible for completing homework tasks on time and in a satisfactory manner.

It is hoped that parents will check and sign the homework record regularly. If you find any aspect of homework puzzling, please contact the school for some support from your child's teacher.

## Support for All

### Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

More information is available at [www.dumgal.gov.uk/](http://www.dumgal.gov.uk/) and on page 18 of our [Education Authority Handbook](#)

### Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at [www.dumgal.gov.uk/girfec](http://www.dumgal.gov.uk/girfec) and on page 20 of our [Education Authority Handbook](#)

### Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

## Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at <http://www.dumgal.gov.uk/article/15241/School-places> Information regarding catchment areas can be found on the Council's website by accessing "Find My Nearest".

## School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at [www.dumgal.gov.uk/schools](http://www.dumgal.gov.uk/schools)

## Health and Safety

### Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

### Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

### Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

### Data Protection

Information on how the Council uses personal data is available at [www.dumgal.gov.uk/article/15129/Data-protection](http://www.dumgal.gov.uk/article/15129/Data-protection) and [www.dumgal.gov.uk/privacy](http://www.dumgal.gov.uk/privacy)

### ICT in Schools

For more information on ICT in school please see page 14 of the [Education Authority Handbook](#)

### Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
